CONSTRUCTION, VBS AND  
NIGHTLY CHURCH

Day 4

Haiti

July 28, 2008

▶ DAY FIVE (TUESDAY) –  
CONSTRUCTION, VBS AND  
NIGHTLY CHURCH

▶ DAY SIX (WEDNESDAY) –  
TEAM BUILDING DAY

# Haiti 2008

EXALT CHRIST, LOVE PEOPLE  
AND SERVE FOR GOD'S  
GLORY....

## ROL Update Day 4

### I Corinthians 9:13

Because of the service by which you have proved yourselves, men will praise **God** for the obedience that accompanies your confession of the gospel of Christ, and for your generosity in **sharing** with them and with everyone else.

## More Construction...

Today the Haiti group is doing their second day of construction. They have four scheduled construction days on their seven day trip. The group has brought many tools and construction material with them to Les Cayes that were either donated or bought with monetary donations. Thanks to all who contributed.

The temperature in Haiti this week is in the high 80's however it feels like it is in the high 90's. The team is working hard to get as much done as they can for the orphanage's new school/church building.

### Education in Haiti

The lack of educational opportunities in Haiti is three-fold:

- Shortage of funds for teachers
- Lack of educational facilities
- The country's economic reliance on agriculture, which values child labor more than a child's education

Without any education, Haiti's children are left without any hope for a brighter future. Currently there are over 1220 students in the 10 GCA/ESMI schools but only half of those schools have educational facilities.

## School Child Program

The School Child Program is the best way to help the children in Haiti to build a bright future. The School Child Program gives you the ability to help an entire community through providing educational opportunities for all the children in particular villages. Our group is helping to construct a building to assist in the goal of educating all the children in Haiti.
